SR. NO.	INFORMATION	SPECIFICATION
1	Product	LUBECO® VCI PE Polymer Sheet
2	Product Code	LUBECO® VCI 360-80 S
3	Colour	Fluorescent Green
4	Thickness	80+/-5 micron
5	Uses	Wrapping components as per customer requirement
6	Metal compatible	Multi metals
7	Nitrite and Secondary amine	Free
8	Availability Sizes	• Sheeting • Custom designs • Roll • Custom Sizes

SR. NO.	INFORMATION	SPECIFICATION
1	Product	LUBECO® VCI PE Polymer Sheet
2	Product Code	LUBECO® VCI 360-100 S
3	Colour	Fluorescent Green
4	Thickness	100+/-10 micron
5	Uses	Wrapping components as per customer requirement
6	Metal compatible	Multi metals
7	Nitrite and Secondary amine	Free
8	Availability Sizes	• Sheeting • Custom designs • Roll • Custom Sizes

SR. NO.	INFORMATION	SPECIFICATION
1	Product	LUBECO® VCI PE Polymer Sheet
2	Product Code	LUBECO® VCI 360-150 S
3	Colour	Fluorescent Green
4	Thickness	150+/-10 micron
5	Uses	Wrapping components as per customer requirement
6	Metal compatible	Multi metals
7	Nitrite and Secondary amine	Free
8	Availability Sizes	• Sheeting • Custom designs • Roll • Custom Sizes

SR. NO.	INFORMATION	SPECIFICATION
1	Product	LUBECO® VCI PE Polymer Sheet
2	Product Code	LUBECO® VCI 360-200 S
3	Colour	Fluorescent Green
4	Thickness	200+/-10 micron
5	Uses	Wrapping components as per customer requirement
6	Metal compatible	Multi metals
7	Nitrite and Secondary amine	Free
8	Availability Sizes	• Sheeting • Custom designs • Roll • Custom Sizes

SR. NO.	INFORMATION	SPECIFICATION
1	Product	LUBECO® VCI PE Polymer Bags
2	Product Code	LUBECO® VCI 360-80 B
3	Colour	Fluorescent Green
4	Thickness	80+/-5 micron
5	Uses	Wrapping components as per customer requirement
6	Metal compatible	Multi metals
7	Nitrite and Secondary amine	Free
8	Availability Sizes	• Zipper bags • Gusset bags • 2D and 3D Bags • Flat bags • Pre-opened bags on a roll • Perforated bags on a roll • Bin liners • Tubing

SR. NO.	INFORMATION	SPECIFICATION
1	Product	LUBECO® VCI PE Polymer Bags
2	Product Code	LUBECO® VCI 360-100 B
3	Colour	Fluorescent Green
4	Thickness	100+/-10 micron
5	Uses	Wrapping components as per customer requirement
6	Metal compatible	Multi metals
7	Nitrite and Secondary amine	Free
8	Availability Sizes	• Zipper bags • Gusset bags • 2D and 3D Bags • Flat bags • Pre-opened bags on a roll • Perforated bags on a roll • Bin liners • Tubing

Lubeco[®]
VCI PACKING SOLUTIONS

SR. NO.	INFORMATION	SPECIFICATION
1	Product	LUBECO® VCI Bio-Polymer Sheet
2	Product Code	LUBECO® VCI 460-50 S
3	Colour	Fluorescent Green
4	Thickness	50+/-5 micron
5	Uses	Wrapping components as per customer requirement
6	Metal compatible	Multi metals
7	Nitrite and Secondary amine	Free
8	Availability Sizes	• Sheeting • Custom designs • Roll • Custom Sizes
9	Shelf Life	8 months

SR. NO.	INFORMATION	SPECIFICATION
1	Product	LUBECO® VCI Kraft Paper
2	Product Code	LUBECO® VCI Kraft Paper
3	Sizes	70, 90, 110 GSM
4	Colour	Brown
5	Uses	Wrapping components as per customer requirement
6	Metal compatible	Multi metals
7	Nitrite and Secondary amine	Free
8	Availability Sizes	• Sheet • Roll
9	Coating GSM	6 to 10

SR. NO.	INFORMATION	SPECIFICATION
1	Product	LUBECO® VCI Desiccant
2	Product Code	LUBECO® VCI Desiccant
3	Sizes	5, 10, 20, 50, 100 Gm
4	Uses	Moisture Absorber
5	Material	Silica and Clay

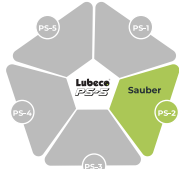

Schneiden : Indicates “IMTL cutting operations”

PS-1

Value Added Service Offered

- Coolant Management Services
- Solutions on existing challenges/Problems/Scop
- Application Lab: Customer Lab samples Analysis
- Field Trial Simulations in Lab
- Cost savings Projects

PS-2

Value Added Service Offered

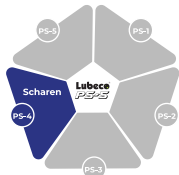

- Solutions on existing challenges/Problems
- Application Lab: Customer Lab samples Analysis
- Field Trial Simulations in Lab – Millipore test, Particle size tests, Ultrasonic Tests etc.
- Cost savings Projects
- Chemical Management Services & condition monitoring

PS-3

Value Added Service Offered

- Process Improvements on existing challenges/Problems
- Regular customer process Audit as a preventive measure.
- Application Lab: Customer Lab samples Analysis. Salts Spray test & Humidity Cabinet Test etc.
- Cost savings Projects
- Complete Packaging Solutions (CPS) & condition monitoring

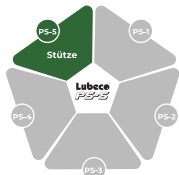

PS-4

Scharen : Indicates "Guard"

Value Added Service Offered

- Eco-friendly Materials: Using renewable, biodegradable, or recyclable materials like cardboard, paper, and wood to minimize environmental burden.
- Longevity and Reusability: Developing robust, reusable packaging to save resources and reduce waste.
- Recyclability: Ensuring packaging can be easily recycled to support the circular economy.
- Reduced Carbon Footprint: Implementing practices that lower CO₂ emissions during manufacturing and disposal.
- Compliance with Regulations: Adhering to regional and global regulations on single-use packaging and extended producer responsibility.

PS-5

Stütze : Indicates " Technical Service and Supports"

Value Added Service Offered

- Total Chemical Management Services (CMS) & Complete Packaging Solutions (CPS)
- Complete Solutions on the existing challenges faced at Customer end.
- Recyclic Techniques by using 6 Tools.
- Daily condition monitoring & real-process Data generations
- Dashboard presentations on cost saving projects to OEMs & Potential customers
- Periodic Laboratory analysis of Product samples involved in PS-5 processes & suggests further improvements

Pratap Tex-Chem Pvt. Ltd.[®]

**MANUFACTURING FINE INDUSTRIAL FLUIDS,
LUBRICANTS, AND SPECIALITY CHEMICALS!**
